PROFILE

As a web developer, I aspire for constant improvement, keeping myself updated with the best tools available in order to provide better solutions for every project. I have a special passion for Responsive Design, guaranteeing every application looks great and works well in all different screen sizes. I'm also interested in learning more about design in general and solidifying my knowledge in coding. During my free time, you most likely find me playing guitar.

TECHNICAL SKILLS

HTML5	React
CSS3	REST API's
JavaScript (ES6)	Firebase
jQuery	GitHub
Responsive Design	VS Code
Sass/SCSS	Zurb Foundation
Web Accessibility	Pair Programming

FEATURED PROJECTS | fabiodwyer.com/#portfolio |
